Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 5, 1996

SUBJECT: **HB 2030 - SB 2069**

This bill, if enacted, will require the Department of Labor to designate one or more people from each mining operation in Tennessee to be trained for and possibly serve on Tennessee's Mine Rescue Team and compensate the mining operation for any loss of services of these team members.

The fiscal impact from enactment of this bill is estimated to result in an increase in state expenditures; however, such increase cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
